

Application for Membership of the QOLIBRI Society

The QOLIBRI Society is an international group concerned with quality of life after brain injury. The group was originally formed to develop a tool for assessing health-related quality of life, but the purpose of the Society is to develop, interpret, and disseminate scientific knowledge concerning all aspects of quality of life after brain injury.

Advantages of membership include:-

- Information about QOLIBRI meetings and an invitation to the annual meeting.
- Opportunity for networking with other people with an interest in quality of life after brain injury.
- Potential to access QOLIBRI databases.
- Opportunity to participate in research or other activities organized through the Society.

Membership of the Society is free, and is open to anyone 18 years old or over. Confirmation of membership requires a written application to be approved by the Board of the Society.
